Automated Hog Sorting System

SORTALL REVOLUTION 2

by Schick Enterprises

Single Scale Handles up to 1400 Head
All Stainless Steel Construction
Features Smart Gates
Accessible Anywhere Remotely
Activities

Main (default)
- Allows maximum access to food while encouraging animals to keep using scale.

Train
- Used when population enters into building to familiarize them with the scale.
- Stops automatically based on transition point specified by user (weight or time).

Cross Sorting
- Sorts between pens from left to right, right to left or both directions at the same time.

Market, Sort Out
- Sorts to the holding pen left, right or both pens at the same time.

Paint
- Paints any weight range at any time.

Population
Summary
- Tracks current population totals. Initial, Died, Culled, % lost, Marketed.

Adjustments
- As the population changes adjustments are created so that accurate reports can be generated.
**Reports**

**Weight Distribution**
- Shows number of animals at various weights.
- Provides total head, total weight and average weight.
- Used in conjunction with Average Daily Gain to make market projections.

**Average Daily Gain**
- Average Daily Gain plotted weekly.
- Reports available for left, right and both pens.

**Temperature**
- High, low, average.
- Optimal temperature range displayed for average weight.
Patented Pig Flow

- SortAll Revolution 2 Placed between two pens to increase versatility
- Gates move automatically to train and sort pigs naturally
